INFINITY TECHNOLOGIES

Tap. Scan. Grow.

Smart cards, websites and digital menus that bring your business more reviews, more followers and more customers.

- Google Review Cards
- Instagram Cards
- All-in-One Web Page Cards
- Digital Menus
- Animated Websites
- Google Listing Setup

SCROLL DOWN TO SEE HOW EACH ONE WORKS ↓

2 EASY WAYS

Every card works 2 ways.

No app. No typing. Works on every phone.

1. TAP

Touch the phone on the card. The page opens by itself.

2. SCAN

Open the phone camera and point it at the QR code.

Your page opens instantly

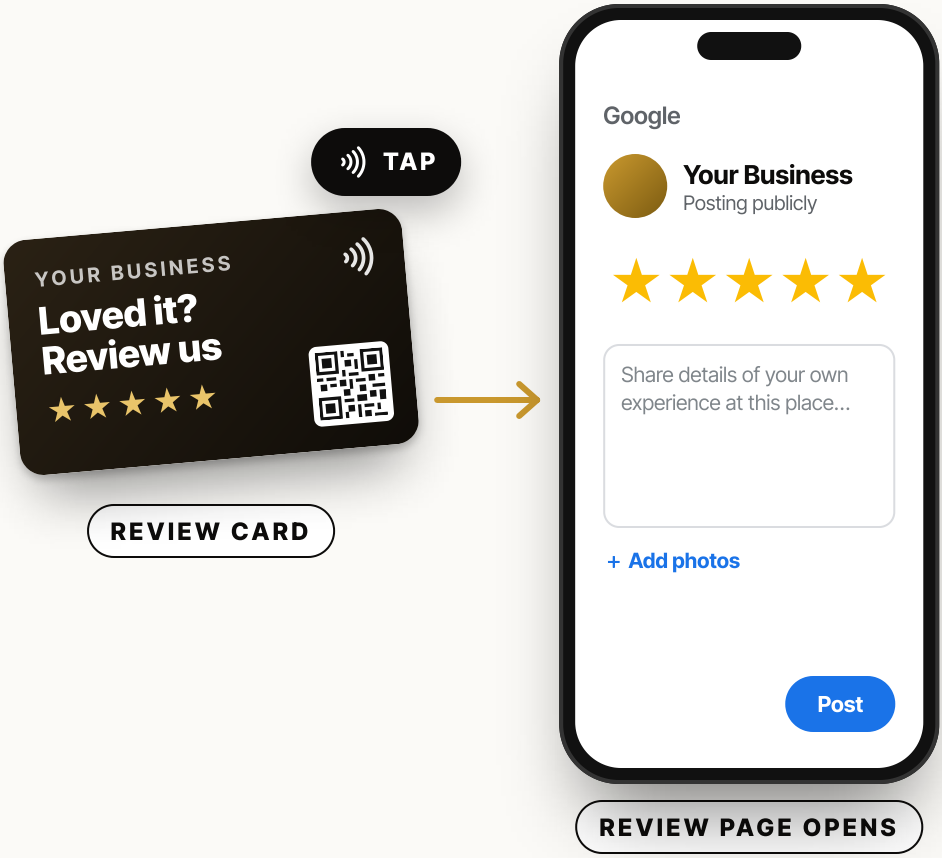

Google reviews, Instagram, website, menu: whatever you choose.

- ✓ iPhone & Android
- ✓ No app needed
- ✓ Link can be changed anytime
- ✓ No reprinting

GOOGLE REVIEW CARD

Tap the card. Get a 5★ review.

Keep it on the counter or table. Happy customer taps, gives stars, done in 10 seconds.

More 5★ reviews = more customers
People choose the shop with more good reviews on Google.

Not on Google yet?
We create and set up your Google Business listing for you: name, photos, timings, location.

INSTAGRAM CARD

Tap the card. Get a new follower.

No searching for your page. One tap opens your Instagram with the Follow button ready.

More followers = free promotion
Every new follower sees your new posts, offers and launches.

Works for YouTube, Facebook & more
Any page you want people to follow, we put on the card.

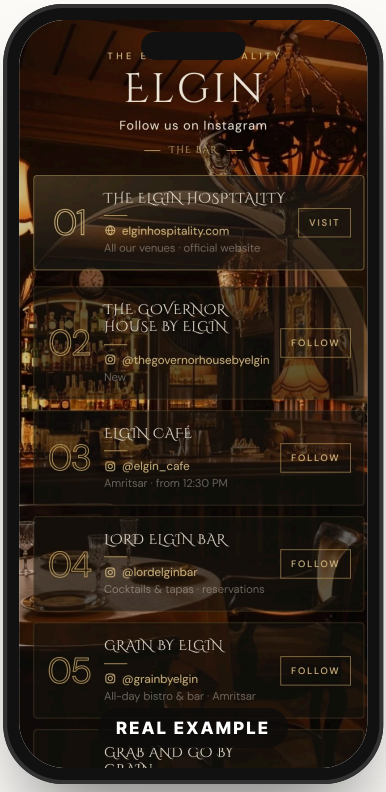

ALL-IN-ONE WEB PAGE CARD

One tap. Everything about you.

Have many outlets or many pages? One card opens a beautiful page with all your links in your own style.

WEB PAGE CARD

YOUR PAGE OPENS

All Instagram pages · Website · Menu · Location · WhatsApp · Reviews

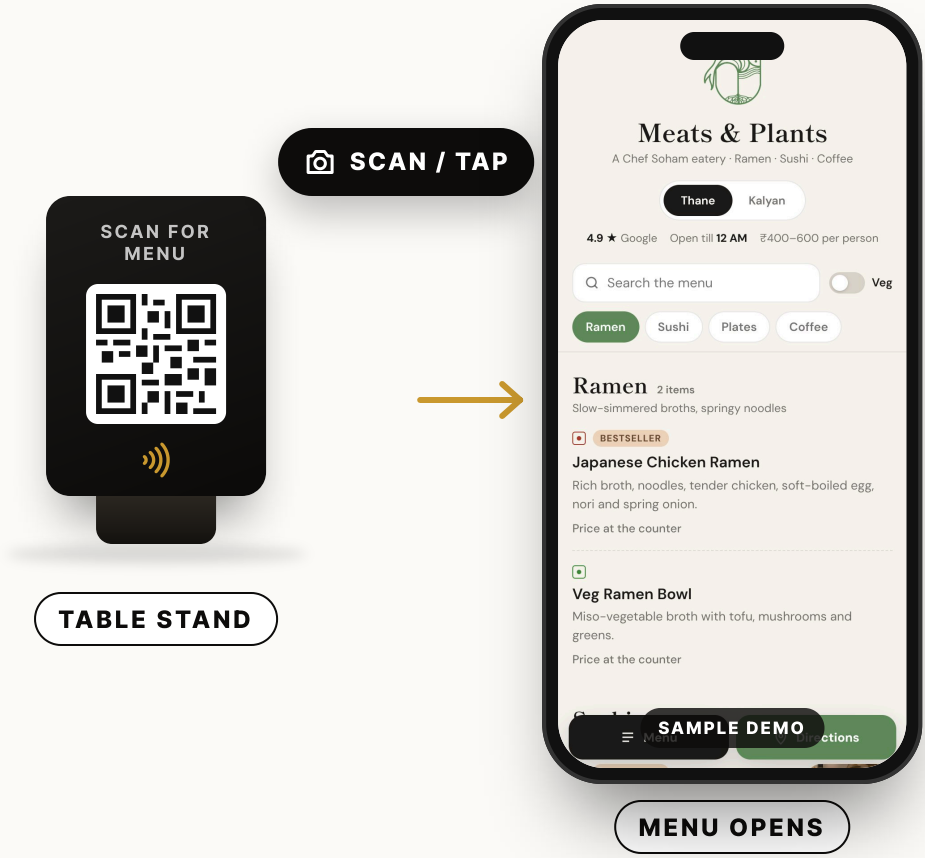

Change anything, anytime

New outlet or new page? We update it. The card stays the same.

DIGITAL MENU

Scan the table. See the menu.

For cafés & restaurants. Your full menu on the customer's phone. Clean, fast, with photos.

Change prices anytime
No reprinting menus

Search & veg filter
Find any dish fast

Dish photos
Food sells by looks

Many outlets
One menu for each branch

ANIMATED WEBSITES

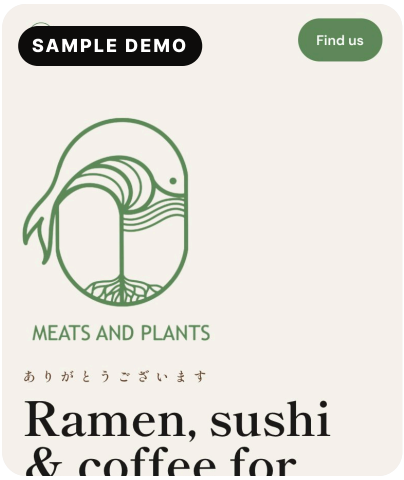

Not a normal website. A wow website.

As the customer scrolls, your business comes alive, like walking into your shop.

3D Virtual Store

For clothing stores. Clothes hang on a 3D rack and turn to face you as you scroll.

Café & Restaurant Site

Your photos, menu, outlets, timings and a "Find us" button.

Walkthrough sites
Hotels, venues, showrooms: walk room by room

Business websites
Clean, fast sites for any business

WhatsApp buttons
Orders & bookings in one tap

Maps & Instagram
All connected, mobile-first
